MURTAZA NADEEM

PROFILE

I am a dedicated, organized and methodical individual. I have good interpersonal skills, am an excellent team worker and am keen and very willing to learn and develop new skills. I am reliable and dependable and often seek new responsibilities within a wide range of employment areas. I have an active and dynamic approach to work and getting things done. I am determined and decisive. I identify and develop opportunities.

EXPERIENCE

- 6 Month experience as a Laravel developer in Vantagedroid Rehman Plaza, Sargodha.
- Fresher in Networking and cyber security but I undertook several school projects that enriched my skills in networking and cybersecurity. For instance, in a 'Small-Scale Network Design and Implementation' project, I successfully deployed and configured a local network using Cisco routers and switches, managing IP addresses, DHCP, and DNS. I demonstrated proficiency in troubleshooting using tools like Wireshark, resolving connectivity issues and optimizing performance.

EDUCATION

- Matric from Misali Ravian High School Sargodha
- Intermediate from Punjab College Sargodha (Main Campus)
- Bachelor of Science in Information Technology in 2024 from University of Sargodha

SKILLS

- Familiar with Laravel framework
- Knowledge of HTML, CSS, JavaScript
- Proficient in PHP programming
- Database management (MySQL)
- Routing and Switching (Configuring routers and switches).
- Network Monitoring and Troubleshooting Using Wireshark
- Virtualization (Knowledge of virtual networks using VMware, VirtualBox, etc.).
- Understanding of Networking Protocols
- Wireless Networking (Configuring and securing wireless networks)
- Information Security Principles Understanding CIA triad (Confidentiality, Integrity, Availability)
- Ethical Hacking Understanding how attackers think to better defend systems.
- Ms Word

Available upon request.

OBJECTIVE

- As a recent graduate with a Bachelor's degree in Information Technology, my objective is to apply my skills in building robust web applications. I am eager to contribute my knowledge of HTML, CSS and PHP to develop scalable solutions that meet client needs and industry standards.

Also

- My objective is to leverage my skills and knowledge in networking and cybersecurity gained through academic projects and coursework. I aim to contribute effectively to a dynamic team, applying my expertise in network design, configuration, and troubleshooting to enhance organizational IT infrastructure.
